

# Taubenheim Gelbvieh

26th Annual Production Sale

**MONDAY**  
**FEBRUARY 1, 2016**  
**1:00 PM**

**SALE FACILITY AT THE RANCH**  
**23685 SARTORIA RD. AMHERST, NE 68812**

Cattlemen and Cattlewomen,

It's that time of the year again, and we want to begin by saying hello from all of us at Taubenheim Gelbvieh. It is our pleasure to invite you to our 26th Annual Production Sale at the ranch on Monday February 1st, 2016.

With beef cattle markets in the state they are, we need to look for cattle that will add pounds to our calf crops. Simply put, pounds sell, and we are keeping our cowherd moderate and easy fleshing while adding pounds with increased muscle shape and natural thickness. Using Gelbvieh influenced cattle will help you add the extra pounds needed to get through the fluctuating markets.

This year we are offering a stout made set of bulls that are correct in their skeletal build, easy fleshing, and powerfully constructed. We feel this group of bulls is one of the most complete sets from top to bottom that we have ever offered. You can look for our bulls to add pounds at weaning, increase feed efficiency, and add great maternal strength. We hope you are as pleased as we are with our group of bulls this year.

Calves are sired by a large selection of AI sires along with herdsires we have raised or purchased. Some of these sires include HYEK Black Impact, Ruppel Gunnison, TAU In Focus 22Z, TAU Grid Topper 43T, MYTTY In Focus, SAV Final Answer, and Connealy Consensus 7229. Our cowherd has been built through a strenuous selection process where we stack A.I and E.T. matings. In doing so, we give our customers the highest quality herdsires and replacement females that we know will be profitable for years to come.

This year we will be offering 42 bred heifers that have been pregnant checked pregnant by the vet and 25 females guaranteed open. These females come right out of our replacement pens and they are a great opportunity for you to take some of our genetics back to your own herd. You are welcome to stop by and view the bulls or females at your convenience, and there will always be someone at the farm to assist you.

Once again this year we will be exhibiting at the National Western Stock Show in Denver, Colorado. We will have a pen of three and a pen of five Balancer Bulls in the yards; on the hill we will have a bull along with a bred heifer and two open females. We are definitely proud of the way our pens have come together this year and we are excited to show them in Denver. If you come to the Stock Show this year stop by and see us in the yards or on the hill.

We are very proud of the bulls and heifers and what they have to offer. There is something for every cattle operation in our offering. Whether you need black, red, calving ease, or growth traits, we can satisfy any need. At Taubenheim Gelbvieh our goal has always been to satisfy the customer and help you make a profit. We plan to do that in 2016 with added pounds, feed efficiency, and fertility.

We look forward to talking to you in the near future, and don't forget to mark your calendars for February 1st.

Thank you,

The Taubenheim's

Dale and Jeannette

**Welcome to the 26<sup>th</sup> Annual  
Taubenheim Gelbvieh Production Sale  
Monday, February 1, 2016 1:00 p.m. (CST)  
Sale Facility At The Ranch  
23685 Sartoria Rd • Amherst, NE 68812**

**SELLING**  
**106 Bulls    25 Open Females    42 Bred Females**

**HERD HEALTH**

All bulls have had shots and been poured. Necessary health papers will be supplied with each sale animal.

**TRUCKING**

Free trucking on bulls of \$4,500 or more-- up to 350 miles, otherwise to central location.

**Terms of Sale: Cash**

**TAUBENHEIM GELBIEH FIRST SEASON BREEDING GUARANTEE**

Buyers of all bulls selling for \$4,000 or more injured the first breeding season, will have credit at the next sale at the value of the purchase price minus salvage value. Contact Taubenheim Gelbvieh promptly so the decision to return the bull to Taubenheim Gelbvieh or sold by buyer may be made. Breeding season is defined as the 90 day period following the first turnout of the bulls.

In the event of death of a bull during the first breeding season, a credit of 50% of the sale price will be applied at the next sale for a bull.

If you have a problem and are in need of a replacement for any reason, please contact Taubenheim Gelbvieh as we will be glad to be of service.

All announcements from block take precedence over all written material.  
  
Registration papers available.  
  
Retaining 1/2 semen rights on all bulls.

Homozygous black and homozygous polled herd sire we purchased from Corry Ruppel, to use as an outcross in our herd, and for cattlemen who have been using our bulls for several years. Gunnison is doing a great job of breeding desirable traits as you will see his calves come easy and are excellent in giving fleshing ability, muscle, and depth of rib. You will appreciate his calves sale day.

PUREBRED POLLED BLACK BULL

TAU 47C- This is a unique breeding piece for sure. 47C is sired by TAU In Focus 22Z and is out of the ring of gold champion female from the show circuit last year. He his the ground at 75-pounds and weaned off the cow at 814-pounds. This guy has a lot going for him to say the least, sound structured, wide based and deep bodied. He will be headed to Denver in our pen of 5.

**Have a Great BEEF Experience with Traeger.**

*Taste -Food tastes better when cooked with pure wood pellets!*

*Smoke -Flip a switch and now you own the best smoker!*

*Cooks Better -No need to babysit this grill- fully automatic. Fewer flare-ups!*

*Safe -Far safer than gas or charcoal! No gas explosions, no hot coals. Safe, "politically correct" all natural, hardwood barbecue pellets!*

*Environmentally Friendly -Wood pellets are a clean-burning, 100% natural, renewable resource.*

## Gelbvieh-Cross Females: Nobody does it better!

Data from the Meat Animal Research Center (MARC) confirm the unmatched performance of Gelbvieh-sired females for maximum pounds of weaning weight per cow exposed. Many Continental breeds produce good feeder cattle, but fall short in maternal traits when it comes to working in the pasture. MARC research along with the experience of commercial cattlemen proves that Gelbvieh-cross females excel in fertility, milking ability, disposition, and pounds of calf weaned. This unique combination makes Gelbvieh the Continental breed of choice if you want to keep replacements while still producing high-value feeder cattle.

## Sale Facility at the Ranch

### From: Amherst

3 Miles East on Hwy 40, 7 Miles North
