## 34th Annual Production Sale

**MONDAY**  
**FEBRUARY 5, 2024**  
**1:00 PM**

**SALE FACILITY AT THE RANCH**  
**23685 SARTORIA RD. AMHERST, NE 68812**

Cattlemen and Cattlewomen,

It's that time of year again, and we want to begin by saying hello from all of us at Taubenheim Gelbvieh. With great pleasure we invite you to our 34<sup>th</sup> Annual Production Sale at the ranch on Monday February 5<sup>th</sup>, 2024.

What a year 2023 was, we hope this catalog finds you healthy and in good spirits. To our valued repeat customers, we appreciate your continued support and to new customers, we hope you will find our cattle appropriate for your program. We promise to work hard to earn your business, and we will work even harder to make sure you are satisfied with our cattle.

At Taubenheim Gelbvieh we strive to make cattle that do more with less. For that reason, we are keeping our cowherd easy fleshing while adding pounds with increased muscle shape and natural thickness. It's a fact, using Gelbvieh influenced cattle will help you add the extra pounds needed to make up for an always fluctuating market.

This year we are offering a stout made set of bulls that are correct in their skeletal build, easy fleshing, and powerful. This is the most complete set of bulls from top to bottom that we have ever offered. You can look for our bulls to add pounds at weaning, increase feed efficiency, improve carcass quality, and add great maternal strength.

Calves are sired by a large selection of AI sires along with herdsires we have raised or purchased. Some of these sires include Sitz Resilient, Deer Valley Growth Fund, TAU Night Shift 69H, and TAU Infinity 47C. Our cowherd has been built through a strenuous selection process where we stack A.I and E.T. matings. In doing so, we give our customers the highest quality herdsires and replacement females.

This year we will be offering an impressive group of bred heifers. These females come right out of our replacement pen and they are a great opportunity for you to take some of our genetics back to your own herd. You are welcome to stop by and view the bulls or females at your convenience, and there will always be someone at the farm to assist you.

In the end, we are very proud of the bulls and heifers and what they have to offer. At Taubenheim Gelbvieh our goal has always been to satisfy the customer and help you make a profit. We plan to do that in 2024 with added pounds, improved carcass quality, decreased inputs through feed efficiency, and increased fertility.

We look forward to talking to you in the near future, and don't forget to mark your calendars for February 5<sup>th</sup>.

Thank you,
